

GLOBALHR
Staffing Services Pte.,Ltd.

COMPANY PROFILE

Connecting Great People With Great Companies

Asia-Pacific recruitment partner since 2001 — helping businesses hire faster and candidates find meaningful careers across Asia-Pacific & beyond.

Singapore EA Licence No. 01C5543 Myanmar EA Licence No. 108/2026 www.globalhrss.com

Building workforce capability since 2001

Founded by Josephine Chin, Global HR obtained its Singapore Ministry of Manpower employment agency licence in June 2001. In 2003, we established our recruitment agency and skills training and testing centre in Myanmar — connecting recruitment with the technical preparation and assessment employers require.

Our early experience was shaped by Singapore's marine and engineering sectors. Global HR was appointed Manpower Supply Agent (MSA) to Keppel Shipyards, Jurong Shipyard and Sembawang Shipyard, and in-house recruiter for Keppel Integrated Engineering (KIE) under a long-term agreement.

Since then, we have recruited thousands of skilled workers for employers across Singapore, Malaysia, Thailand, Japan and Vietnam — supported by in-house trade testing and third-party certification with relevant classification bodies.

OUR VISION

To transform lives through skills, employment and opportunity.

We bring together people seeking a better future and employers seeking the skilled workforce to build theirs — creating opportunities that improve livelihoods, strengthen businesses and contribute meaningfully to society.

OUR MISSION

To connect businesses with the skilled workforce they need to succeed.

While creating meaningful employment opportunities that improve lives and livelihoods. Through responsible recruitment, regional expertise and trusted partnerships, we create lasting value for employers, people and the communities we serve.

Where we recruit and place

RECRUIT FROM

Myanmar · Bangladesh · India · Nepal · Cambodia · Malaysia · Thailand

COUNTRIES WE RECRUIT FOR

Singapore · Malaysia · Japan · South Korea · Thailand · Russia · Vietnam · UAE

Candidates are sourced, screened and prepared in their home country, then mobilised to employer worksites across Asia-Pacific & beyond.

Group mobilisation — airport arrival and onward transfer to worksite

What we stand for

01 Integrity

We uphold honesty, transparency and ethical conduct, building trust with candidates, clients and partners.

02 Ethical Recruitment

We value people, respect their aspirations and create opportunities that improve lives.

03 Excellence

We pursue the highest standards in recruitment and workforce solutions.

04 Accountability

We take ownership of our commitments and deliver with responsibility.

05 Partnership

We build trusted, long-term relationships that create sustainable value for employers and candidates.

Five values, applied the same way on every placement — for the candidate and the employer alike.

From one skilled hire to full project manpower

We support employers and job seekers end-to-end — from workforce planning to placement.

01

Permanent Recruitment

Qualified candidates matched to your long-term business goals.

02

Contract & Temporary Hiring

Flexible staffing for urgent and project-based roles.

03

Employer Advisory

Market insights, role scoping and salary benchmarking.

04

Training

Training, skills testing and certification support before deployment.

End-to-end support for both sides of the hire

For job seekers

Career matching

We align your skills and goals with roles that fit your experience and growth plans.

Interview preparation

Guidance on expectations, documentation and presenting your strengths clearly.

Offer & onboarding support

Help through offer review, timelines and first-week priorities.

For employers

Role scoping & sourcing

Clear job profiles, salary guidance and targeted sourcing across our networks.

Screening & shortlisting

Structured interviews and checks, so you meet candidates ready to perform.

Hiring operations support

Coordination across stakeholders, timelines and compliance-sensitive steps.

Twelve sectors, screened to each one's standard

Building Construction
General workers, tradespeople, supervisors and safety coordinators for BCA-regulated sites.

Process Construction
Welders, riggers and foremen for piping, structural steel and plant tie-ins.

Marine Shipyard & Offshore
Welders, fitters, riggers, blasting and painting crews from Bangladesh, India and Myanmar.

Manufacturing
Operators, technicians, QC staff and line supervisors for production lines.

Agriculture
Workers for farms, indoor farming, aquaculture and agri-processing.

Food and Beverage
Kitchen crew, production and service staff for central kitchens and outlets.

Hospitality
Front-of-house, housekeeping and back-of-house staff for hotels.

Healthcare
Nursing aides, healthcare attendants and facility support for care settings.

Cleaning (HSS)
Cleaning and housekeeping personnel under Singapore's Household Services Scheme.

Facilities Maintenance
M&E technicians and maintenance staff for electrical, plumbing and HVAC.

Landscaping
Workers for parks, estates and commercial grounds, year-round.

Services
Flexible manpower for events, logistics, retail and general services.

How it works

01

Discovery

We clarify requirements, budget and timelines.

02

Sourcing

We search, screen and shortlist qualified candidates.

03

Interviews

We coordinate interviews and feedback loops.

04

Offer & placement

We support offer stages through to a successful start date.

05

Settling-in follow-up counselling

We stay in touch after placement to help candidates settle in smoothly.

Every stage is documented — so employers and candidates always know where a placement stands.

LARGE-SCALE PROJECT MANPOWER

Mass recruitment for large-scale projects

From a single skilled hire to full project manpower — we source, test and mobilise complete teams at scale. Example: an oil storage terminal project in Myanmar.

~350 personnel across process construction roles, several hundred recruited locally

- Project teams
- Safety staff
- Supervisors
- Welders
- Mechanical & pipe fitters
- Electricians
- Scaffolders

Quality assured

Welder Qualification Tests were witnessed by an expert QC team from Surbana Jurong.

Welder qualification testing in progress

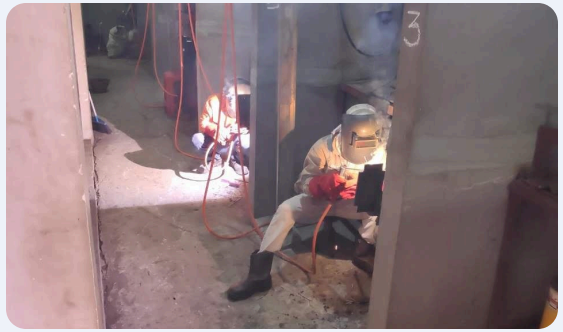

Briefings, skills testing and pre-departure preparation

Scaffolding safety briefing

Scaffold assembly practice

Welder qualification test

Weld test inspection

PPE and safety briefing

Electrical Installation Course (CVT) — certification

Pipe fitting skills assessment

Pre-departure briefing

Candidates are trained, tested and briefed before mobilisation — so employers receive work-ready teams on day one.

From briefing room to worksite

We accompany every group through departure and arrival, and hand them over to the employer ready to start work.
